SUMMARY

Computer Science graduate with hands-on experience in C++, Java, TypeScript, and JavaScript, as well as knowledge of Python. I have completed DevOps and Full Stack development courses, combining knowledge of backend, frontend, and cloud deployment. Team player with a passion for programming, eager to learn, grow, and contribute to meaningful projects. Looking for a key role to apply my skills, collaborate effectively, and bring value through technology.

EDUCATION

- **B.Sc. Computer Science** 10/2022 – 07/2025
The College of Management Academic Studies
 - Relevant coursework: Full Stack Development, DevOps, Cloud Computing, Artificial Intelligence.
 - Completed hands-on courses in JavaScript, Node.js, React, AWS, Docker.

PROGRAMMING SKILLS

- Programming Languages: Java, Python, C, C++, JavaScript, TypeScript, Kotlin, SQL, MySQL
- Concepts: Object-Oriented Programming (OOP), Algorithms, Data Structures, TCP/UDP Protocols
- Frameworks & Tools: React, Node.js, Express, Firebase, MongoDB, Git, Swagger, Docker, AWS.

PROJECTS

- **SOCIAL.AI - AI Instagram Manager (final project)**: AI-based web app for content creation, analytics, and automated Instagram management.
- **Hobiz - Hobby Sharing Social Network**: Full-stack app with user auth, profiles, content sharing, and interactions using Node.js, React, and MongoDB.
- **Adopt a Dog - Android app**: Dog adoption app featuring MVVM architecture, Firebase auth, and GPS-based maps.
- **Cloud Infrastructure**: Deployed scalable AWS cloud app with Terraform, using managed services for high availability.
- **DevOps**: Built a complete CI/CD pipeline with Docker, GitHub Actions, Ansible, and automated Selenium testing.

MILITARY SERVICE

- Reserve Service Headquarters (2019 – 2021)
 - Managed computerized reserve systems for the unit.
 - Performed multitasking under pressure and met strict deadlines.
 - Developed strong teamwork, leadership, and interpersonal skills.

LANGUAGES

- Hebrew – Native
- English – Professional Proficiency
